

## Treadmill sTread Fold

EXPLOSION-DRAWING / SPAREPARTS-OVERVIEW  
EXPLOSIONSZEICHNUNG / ERSATZTEILLISTE

| No. in explosion drawing | Artikelnummer            | Beschreibung Englisch                           |
|--------------------------|--------------------------|-------------------------------------------------|
| 1                        | SP_sTread_Fold_O1        | Tablet holder                                   |
| 2                        | SP_sTread_Fold_O2        | Steering ball                                   |
| 3                        | SP_sTread_Fold_O3        | Hexagon socket oval head bolt M8 x 25           |
| 4                        | SP_sTread_Fold_O4        | Steering ball connector                         |
| 5                        | SP_sTread_Fold_O5        | Hexagon socket oval head bolt M6 x 25           |
| 6                        | SP_sTread_Fold_O6        | Overlay                                         |
| 7                        | SP_sTread_Fold_O7        | Computer upper cover                            |
| 8                        | SP_sTread_Fold_O8        | Lock nut M6                                     |
| 9                        | SP_sTread_Fold_O9        | Handlerail frame                                |
| 10                       | SP_sTread_Fold_10        | Truss head tapping screw M6 x 10                |
| 11                       | SP_sTread_Fold_11        | Handlebar foam                                  |
| 12                       | SP_sTread_Fold_12        | Cross Recessed Oval Head Tapping Screw ST3 x 12 |
| 13                       | SP_sTread_Fold_13        | Folding control board                           |
| 14                       | SP_sTread_Fold_14        | Bluetooth MP3 module                            |
| 15                       | SP_sTread_Fold_15        | Safety key board                                |
| 16                       | SP_sTread_Fold_16        | App module                                      |
| 17                       | SP_sTread_Fold_17        | Display board                                   |
| 18                       | SP_sTread_Fold_18        | Washer D4 x 14                                  |
| 19                       | SP_sTread_Fold_19        | Tablet holder housing upper                     |
| 20                       | SP_sTread_Fold_20        | Tablet holder housing plate                     |
| 21                       | SP_sTread_Fold_21        | Tablet holder housing bolt                      |
| 22                       | SP_sTread_Fold_22        | Tablet holder housing bottom                    |
| 23                       | SP_sTread_Fold_23        | Speaker housing                                 |
| 24                       | SP_sTread_Fold_24L       | Speaker left side                               |
| 24                       | SP_sTread_Fold_24R       | Speaker right side                              |
| 25                       | SP_sTread_Fold_25        | Computer bottom cover                           |
| 26                       | SP_sTread_Fold_26        | Cross recessed oval head tapping screw ST4 x 12 |
| 27                       | SP_sTread_Fold_27        | Strength rob                                    |
| 28                       | SP_sTread_Fold_28        | Hexagon socket oval head bolt M5 x 10           |
| 29                       | SP_sTread_Fold_29        | Computer rob                                    |
| 30                       | SP_sTread_Fold_30        | Left inner supporting tube rail up              |
| 31                       | SP_sTread_Fold_31        | Spring D16 x 122 x D2.0                         |
| 32                       | SP_sTread_Fold_32        | Left supporting tube                            |
| 33                       | SP_sTread_Fold_33        | Left supporting tube rail up                    |
| 34                       | SP_sTread_Fold_34        | Truss head tapping screw M4 x 8                 |
| 35                       | SP_sTread_Fold_35        | Main supporting tube rail                       |
| 36                       | SP_sTread_Fold_36        | Right inner supporting tube rail up             |
| 37                       | SP_sTread_Fold_37        | Right supporting tube                           |
| 38                       | SP_sTread_Fold_38        | Safety key                                      |
| 39                       | SP_sTread_Fold_39        | Computer button                                 |
| 40                       | SP_sTread_Fold_40        | Hexagon socket oval head bolt M8 x 35           |
| 41                       | SP_sTread_Fold_41        | Computer control cable                          |
| 42                       | SP_sTread_Fold_42        | Right supporting tube rail up                   |
| 43                       | SP_sTread_Fold_43        | Left inner supporting tube rail down            |
| 44                       | SP_sTread_Fold_44        | Washer D8 x 16 x 1.5                            |
| 45                       | SP_sTread_Fold_45        | Flange nut M8                                   |
| 46                       | SP_sTread_Fold_46        | Left supporting tube rail down                  |
| 47                       | SP_sTread_Fold_47        | Supporting tube rail cap                        |
| 48                       | SP_sTread_Fold_48        | Folding handle                                  |
| 49                       | SP_sTread_Fold_49        | Right supporting tube rail down                 |
| 50                       | SP_sTread_Fold_50        | Lubrication tube cover                          |
| 51                       | SP_sTread_Fold_51        | Bottom display board                            |
| 52                       | SP_sTread_Fold_52        | Truss head tapping screw ST4.2 x 16             |
